

Year 4 Autumn 1 Enrichment Homework

For homework this term, you will be creating a project entitled **'Destination Europe!'** How you create your project is up to you, but your teacher and your parents will help you with ideas. *You can also use Google Classroom to complete the written tasks!*

There will be 3 tasks to complete. This homework will help you with Geography, History and English lessons in school and allow you to share the extra information with your class!

There will be 3 awards given out for the following categories:

1) Self-Worth

2) Engagement

3) Purpose

It would be great if you could show off your different skills throughout your project, such as: Art and DT skills, Computing skills, Writing skills and any other imaginative ways of presenting your research.

Task 1: To be handed in on **Wednesday 22nd September 2021.**

This task will require you to get creative (and probably a little bit messy)! Create a 3D model, collage or painting of a landmark from any country in Europe. You could choose landmarks such as the Leaning Tower of Pisa, the Eiffel Tower or the Colosseum. This could be a mixture of model, collage and paint if you would like.

Task 2: To be handed in on **Wednesday 6th October 2021.**

This can be completed on Google Classroom.

Create a fact file about a country in Europe. Please use either the internet or non-fiction books to research this. You could include information about: population, the capital city, the language/s spoken, the landscape, the currency or the famous landmarks.

Task 3: To be handed in on **Wednesday 13th October 2021.**

This can be completed on Google Classroom.

Your task is to create a piece of art based on a landmark from your chosen country to add to your fact file. You might do a painting of the whole landmark or a detailed sketch of a specific section- the choice is yours!

We look forward to seeing your incredible projects!

Team 4
