OUR OAK HILL VISION

At Oak Hill Academy, we want our children to fulfil their aspirations and achieve their full potential in both their learning and for their future.

Our aim is to nurture children to become responsible, considerate and resilient members of our society, who will be well-equipped for the increasing challenges of life in our 21st century world. All members of our Oak Hill family are valued and respected as individuals and belong to our school community. Our staff are heroes for our children, who care about the whole child and their mental health and wellbeing. They instil a sense of purpose, leadership, the ability to problem-solve and to make responsible decisions. At Oak Hill, we provide a secure and stimulating environment, which promotes independence, self-esteem, health and wellbeing. Fun and excitement and curiosity and creativity are at the heart of all we do! We nurture the whole child, providing opportunities for each individual to discover and develop their unique talents, strengths and abilities. Our children leave Oak Hill with the confidence to embrace new challenges and have a sense of accomplishment and pride in their achievements.
