Lockdown	
Assembly points	<p>During a Lockdown all staff are to remain with their class and remain within their classrooms. If a class is not in their classroom they remain within the room they are in. If outside, staff are to make their way over to Feltham Hill Infant School for safety unless they are safe to re-enter the building. All staff working within an office are to remain there.</p>
Entrance and exit points	<p>During a Lockdown, the SBM, Site Manager/Assistant Caretaker will secure all entrance and exit points where safe to do so.</p> <p>Staff must secure their classroom/office doors and windows.</p> <p>The Office staff will secure the front of the school.</p>
Bringing pupils inside	<p>If the reason for the Lockdown is due to an out of the building issue, children and staff who are outside will be instructed to enter the building and to return to their classrooms where they will remain until further instructions are issued. SLT will ensure a signal is sent to alert those outside and will keep a log of the class and staff members outside.</p> <p>If the reason for the Lockdown is due to an issue within the building, children and staff will be alerted by SLT to assemble on the field as if it was a fire drill. If there is immediate risk to life, an SLT or SLMT member (not the Principal, VP or SBM) will escort all children and staff to Feltham Hill Infant School for safety. Contact will be made with FHI to ascertain which children and staff are at FHI.</p>

Steps to increase protection from danger	<p>During a Lockdown, staff are to remain with their class at all times and carry out the following:</p> <ul style="list-style-type: none"> • A headcount of all children and ascertain which children are missing • All children must position themselves under their desks and remain out of sight • The classroom door must be locked and a table placed in front • All windows must be closed and blinds pulled down • All lights and computer screens must be turned off • The staff member must ensure they have their mobile phone with them and ensure it is on silent with their screen brightness turned down as low as they can • Using the School Gateway app staff must message the Office informing them of which children they have missing
Internal communication	<p>Communications will be made to staff via The School Gateway app. Google Hangouts cannot be used as screens must be turned off.</p>
Communication with parents	<p>Communications will be made to parents via text message, email and Facebook. Designated staff members can access these channels via their mobile phones to ensure their own safety whilst communicating with parents. This is also important if the building is evacuated in an emergency.</p> <p>Parents will be informed to not call the school main number and to await communications from us. They will also be informed that they cannot come to school to collect their child until we inform them that it is safe to do so.</p>

Additional notes	<p>Special considerations need to be made for a Disabled Child. The LSA working with this child has been given training on what to do in the event of a Lockdown.</p> <p>Considerations also need to be made for a member of staff who would be unable to hide under a table if needed. The SBM and this staff member have spoken about such events and have agreed a plan of hiding in the nearest cupboard or if needed she would be able to get down onto the floor but would need assistance upon getting up.</p> <p>A Lockdown will be managed during school hours and out of hours. Children will remain within school if it unsafe to leave. The Associate Principal, Senior Assistant Principal and SBM will seek help via the emergency services if food or water are needed.</p> <p>During the event of an evacuation, Oak Hill Academy will evacuate to the “Bull Field” on the Chertsey Road or St Lawrence’s Catholic Primary School depending on the need for evacuation. Devices can be accessed outside of the building so communications can be made to parents. The attendance officer will ensure registers are taken so that we can carry out headcounts of all children.</p>
